

### **Float Your Fanny Down the Ganny 2010**

Due to the growing amount of crazy craft debris and abandoned crazy crafts the Float Your Fanny Down the Ganny River Race requires all crazy craft entries to be accompanied by the following agreement signed by the captain of the craft.

I acknowledge that I am responsible for the removal of this crazy craft as well as any debris resulting from my craft becoming damaged in the course of this event. I will not abandon my craft anywhere along the race route. If my craft becomes damaged and I am unable to complete the course I will remove my craft and any debris no latter than 6:00 PM on race day. Failure to remove crazy craft and associated debris may result in charges for the recovery and disposal of the craft, and the refusal of entry in future events.
